

Saturn Soldering guide

1 CONFIGURATION JUMPERS

1.1 1 PLAYER

1.2 2 PLAYER

2 COMPONENTS

Solder 4x SN74AHCT125N, check the dimple for the orientation

3 HEADERS

Facing the same side as the configuration pins, solder:

1x20 2.54mm socket header

2x4 2.54mm socket header

1x2 2.54mm socket header

4 CONNECTORS

Solder the controller cables to J1 and J2, ensuring you follow the Saturn colour guide (The final, bottom right colour), not the previous three colour guides.
